

RUSTY SLOT 80

outdoor floor stand, TC-DSE, IP44, rusted steel, L/W/H
12/12/80 cm, max. 11W

The indirectly radiating floor stands of the RUSTY SLOT series convince by their exceptional rust look. This is achieved by a special chemical treatment of the FeCSI steel used. This makes the luminaire a unique piece and an absolutely special feature wherever they are installed. It is suitable for use outdoors thanks to its IP44 protection class. As an option, an earth spike and a connection box for safe electrical connection are available within the square bollard. The connection of the two versions available is made to the 230V mains supply.
